My Screenshots Page [EN] | Screenshot Studio

To get to the “My Screenshots” page, the “My Screenshots” button under the Login / Logout button can be clicked. You can also get there via https://screenshot.360ty.world/screenshots

All the images generated by your user, sorted by tour, are displayed here. There is also a “Favorites” and “Archives” folder. The selected image can be highlighted or archived using the 3 points of an image. With a click on the download icon, the selected image can be downloaded, the link to the image can be found via the link icon and when you click on an image, it is displayed in large.
